

Schoups – Corporate M & A – 10 years of experience

Profile

We are looking for a Corporate M&A lawyer ready to take the lead in developing the French-speaking segment of the team.

You will work fully autonomously on your cases, while collaborating with a strong and well-established Corporate M&A team of around fifteen lawyers specialized in Dutch- and English-language matters.

A unique opportunity to grow an ambitious project within a rapidly expanding law firm.

- You hold a Master's degree in Belgian Law and have at least 10 years of experience in Corporate M&A.
- You are a native French speaker (or have perfect command of written and spoken French), with excellent knowledge of English (written and spoken) and a passive knowledge of Dutch.
- You are able to independently coordinate all standard operations in a share acquisition or sale process (due diligence, SPA, etc.).
- You have an established client base in the Corporate M&A sector ("portable business").
- You combine strong analytical skills with an assertive attitude and adopt an efficient and pragmatic approach.
- You are a team player with leadership qualities and are keen to further develop our department, particularly in the French-speaking part of the country.

Tasks and responsibilities

- Participate in complex matters, take the lead on cases, and drive expansion in the French-speaking part of Belgium (and Brussels).
- Play an active role in mentoring and coaching junior team members.
- Work closely with colleagues within the department and across other departments.
- Maintain direct client contacts and contribute to the overall development of the firm, and of the M&A department in particular.

Offer

- A key role within a leading independent Belgian law firm.
- Genuine opportunities for career progression in the firm.
- Complex and high-quality matters for national and international clients.
- Internal and external training opportunities (coaching, seminars, training courses,).
- An attractive financial package in a professional and fulfilling working environment.
- The possibility to work from our Brussels and Antwerp offices, with a particular focus on the French-speaking part of the country.
